THOSE CRAZY dolls

WHAT you are about to read is partly true, partly made up out of my own little soft head. I'll leave it up to you, chum, to figure out what's true blue about this yarn, and what is purely imagination on the part of yours truly. If I told you what part of this strange tale is true, you still wouldn't believe me, so what's the percentage? So read on, chum, and be amazed!

To begin at the beginning, I'm the editor of one of the best weird fantasy magazines to be found on any newsstand, and I had been trying for many days to come up with a good weird fantasy tale for the upcoming issue. Everything was set in the latest issue except the lead story, which just *had* to be extra unusual. But my writers seemed to have run dry of ideas, and the publisher was breathing down my neck. "Better have the story ready tomorrow!" he ordered, "even if *you* have to write it yourself!"

Did I have any choice in the matter? Silly boy! Of course not! So there I was, seated at my desk in my office late at night, trying to think up a good yarn myself. It was nearly midnight. Trying to think up a story isn't the easiest thing in the world. Also, I was out of cigarettes and could do with some coffee and fresh air. Yeah, anything to clear the cobwebs out of my brain. So I left my office, went out into the corridor and rang for the night elevator. It finally came up to the fourteenth floor, and I got in.

The elevator operator had his back to me . . . he didn't say a word. The elevator was going down, all right, and it kept on going down, longer than it usually takes to travel those fourteen floors. Suddenly, I realized that the elevator was racing downward at a terrific speed . . . we should have reached the ground floor already, but we were *still* going *down!*

Getting scared? Well, chum, I don't mind telling you *I* was plenty petrified! I shouted at the elevator operator. "What's happening? Have you lost control of the car?" But the creep didn't answer me. I grabbed the figure by the arm and turned him around to face me. The blood drained from my face. I found myself looking *not* at the face of the usual night elevator operator, but the face of a life-sized puppet! Yeah, some crazy man-sized doll had gotten himself a job at the controls of the elevator, and *I* had to get mixed up with it! I was frantic . . . well, who wouldn't be? I began to slap at his face. "You *can't* be a puppet doll!" I screamed. "You just gotta be a man!" Silly boy that I was!

I was silly all right, because that creep *was* a doll! As I continued to slap him, his clay cheeks began to crack and then fell in pieces to the floor! All that remained of the doll's face was a tangle of thin wires and straw! And the elevator kept going downward . . . into the basement of the building, through the foundation and deep down into the earth itself! Crazy, non? Then there was a frightening crash, and I lost consciousness.

Great sworls of light were circling my brain. Oh my aching head! I felt myself plunging through a hazy mist . . . and then suddenly my brain cleared. I found myself among strange trees, bushes, odd plants and flowers . . . and queer large-sized doll houses! Then it happened! From these houses emerged large dolls, puppets and marionettes! They were clad in a variety of costumes . . . one wore an emperor's garments; another was a ballet dancer; there was a witch doll and a devil doll and a pirate doll. Man, it was the craziest!

And then I noticed something else. Each of the dolls had something wrong with it. One had an arm missing; another had but

Now! The Amazing Facts about

BALDNESS

...AND WHAT YOU CAN DO ABOUT IT

The following facts are brought to the attention of the public because of a widespread belief that nothing can be done about hair loss. This belief has no basis in medical fact. Worse, it has condemned many men and women to needless baldness by their neglect to treat certain accepted causes of hair loss.

There are six principal types of hair loss, or *alopecia*, as it is known in medical terms:

1. Alopecia from diseases of the scalp
2. Alopecia from other diseases or from an improper functioning of the body
3. Alopecia of the aged (senile baldness)
4. Alopecia areata (loss of hair in patches)
5. Alopecia of the young (premature baldness)
6. Alopecia at birth (congenital baldness)

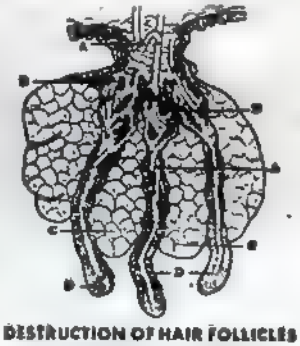
Senile, premature and congenital alopecia cannot be helped by anything now known to modern science. Alopecia from improper functioning of the body requires the advice and treatment of your family physician.

BUT MANY MEDICAL AUTHORITIES NOW BELIEVE A SPECIFIC SCALP DISEASE IS THE MOST COMMON CAUSE OF HAIR LOSS.

This disease is called Seborrhea and can be broadly classified into two clinical forms with the following symptoms:

1. ***DRY SEBORRHEA:*** The hair is dry, lifeless, and without gloss. A dry flaky dandruff is usually present with accompanying itchiness. Hair loss is considerable and increases with the progress of this disease.

2. ***OILY SEBORRHEA:*** The hair and scalp are oily and greasy. The hair is slightly sticky to the touch and has a tendency to mat together. Dandruff takes the form of head scales. Scalp is usually itchy. Hair loss is severe with baldness as the end result.



DESTRUCTION OF HAIR FOLLICLES
Caused By Seborrhea

A — Dead hairs, B — Hair-destroying bacteria, C — Hypertrophied sebaceous glands; D — Atrophic follicles.

Many doctors agree that to NEGLECT these symptoms of DRY and OILY SEBORRHEA is to INVITE BALDNESS.

Seborrhea is believed to be caused by three germ organisms — staphylococcus albus; pityrosporum ovale, and acnes bacillus.

These germs attack the sebaceous gland causing an abnormal working of this fat gland. The hair follicle, completely surrounded by the enlarged diseased sebaceous gland, then begins to atrophy. The hair produced becomes smaller and smaller until the hair follicle dies. Baldness is the inevitable result. (See illustration.)

But seborrhea can be controlled, particularly in its early stages. The three germ organisms believed to cause seborrhea, can and should be eliminated before they destroy your normal hair growth.

A post-war development, Comate Medicinal Formula kills these three germ organisms on contact. Proof of Comate's germ-killing properties has been demonstrated in laboratory tests recently conducted by one of the leading testing laboratories in America. (Complete report on file and copies are available on request.)

When used as directed, Comate Medicinal Formula controls seborrhea—stimulates the flow of blood to the scalp—helps stop scalp itch and burn—improves the appearance of your hair and scalp—helps STOP HAIR LOSS due to seborrhea. Your hair looks more attractive and alive.

You may safely follow the example of thousands who first were skeptical, then curious, and finally decided to avail themselves of Comate Medicinal Formula.

A Few of the Many Grateful Expressions By Users of Comate Medicinal Formula

"My hair was coming out for years and I tried everything. Nothing stopped it until I tried Comate. Now my hair has stopped coming out. It looks so much thicker. My friends have noticed my hair and they all say it looks so much better." —Mrs. R. E. J., Stevenson, Ala.

"Your hair formula got rid of my dandruff; my head does not itch any more. I think it is the best of all of the formulas I have used." —E. E., Hamilton, Ohio.

"Your formula is everything you claim it to be and the first 10 days trial freed me of a very bad case of dry seborrhea." —J.E.M., Long Beach, Calif.

"I do want to say that just within five days I have obtained a great improvement in my hair. I do want to thank you and the Comate Laboratories for producing such a wonderful and amazing formula." —M. M., Johnstown, Pa.

"I have found almost instant relief. My itching has stopped with one application." —J.N., Stockton, Calif.

"My hair looks thicker, not falling out like it used to. Will not be without Comate in the house." —R.W., Lonsdale, R. I.

"I haven't had any trouble with dandruff since I started using Comate." —L.W.W., Galveston, Tex.

"This formula is everything if not more than you say it is. I am very happy with what it's doing for my hair." —T. J., Las Cruces, New Mexico

"I find it stops the itch and retards the hair fall. I am thankful for the help it has given me in regard to the terrible itchiness." —R. B.L., Philadelphia, Pa.

"The bottle of Comate I got from you has done my hair so much good. My hair has been coming out and breaking off for about 21 years. It has improved so much." —Mrs. J.E., Lisbon, Ga.

Today these benefits are available to you just as they were to these sincere men and women when they first read about Comate. If your hair is thinning, over-dry or over-oily—if you are troubled with dandruff with increasing hair loss—you may well be guided by the laboratory tests and the experience of thousands of grateful men and women.

Remember, if your hair loss is due to Seborrhea, Comate CAN and MUST help you. If it is due to causes beyond the reach of Comate Medicinal Formula, you have nothing to lose because our GUARANTY POLICY assures the return of your money unless delighted. So why delay when that delay may cause irreparable damage to your hair and scalp. Just mail the coupon below.

SENT ON APPROVAL—MAKE AMAZING 10-DAY TEST

one eye; another was without a head at all! The dolls surrounded me and the emperor doll who seemed to be their leader spoke:

"We have waited a long time for you, master doll-maker! You have been brought to this land of broken dolls for one purpose . . . to repair us, so that we can return to the land of mortals, where we once dwelled. Yes, we once lived among mortals . . . but we lost our heads, or an arm, or a leg. *This* is where broken dolls go when they are no longer loved and are discarded. So *you*, master doll-maker, must repair us and take us back to your world!"

Master doll-maker! Who, *me?* Boy, did *this* creep have his screws loose! What a case of mistaken identity *this* was! I had to put the old boy on the right track at once, because he was sure off his trolley! His elevator puppet doll messenger had mistaken me for Hugo Matuchek, the doll-maker on the same floor where I had my office, and had brought me along to his land of broken dolls by mistake. When I told the emperor doll this, he was in a rage!

"That fool!" he shouted. "Now we must send someone else to bring the doll-maker here! As for *you*, you know our secret, and so you must *die!*"

Getting scared? *I* was petrified by this time! I was grabbed and bound to a post, colored like a peppermint stick. (I've hated the taste of peppermint ever since!) The dolls then disappeared into the emperor's castle doll house, no doubt to decide on the best means of liquidating me. Moments later, I was aware that someone had come up behind the post and was cutting the ropes which bound me. When my arms were free, I turned and saw the beautiful ballet dancer doll standing there.

"Quickly!" she said. "You must flee from this terrible place. I will show you how."

Well, chum, this was no time to be wasting precious minutes in idle chatter. She led me to a cave entrance a short distance away. At this moment, the emperor doll and the others made an appearance from the castle. No time to waste now. "Quick!" the ballet dancer doll said. In the cave you will find the elevator, still in working order. Turn the handle and you will return to your own land!"

No sooner said than done! I found the elevator all right, turned the handle, and zoomed upward. The speed was terrific, and I lost consciousness. Then, moments later, fighting those swords of light, shaking my head to clear my brain, and then everything became vivid again. I found myself in my office, my head lowered on the top of the desk in apparent exhaustion. The sun was streaming in through the window. It was morning!

"A dream!" I thought. "The land of broken dolls! All a dream! But what a story it would make . . . just what I need!" So I pounded out the tale on my typewriter, and had it ready for the boss when he came in that morning. He thought it was pretty fantastic all right, but he decided to use it.

I needed some fresh air, so I left the office and headed for the elevator. Then I noticed the door to Hugo Matuchek's office was open. I had never been in his joint and decided this would be a good time to see what his place looked like. After all, *he* had something to do with my dream, didn't he? Sure . . . so in I went. Oh, why didn't I leave well enough alone? Did I say it had all been a dream? Now I couldn't be sure any more! For there on the shelves above the doll-maker's work bench was a group of damaged dolls which were about to be repaired . . . an emperor doll, a witch doll, a devil doll, a pirate doll! All the creatures I had met in my fantastic dream!

So maybe it *wasn't* a dream after all, eh? Somehow those dolls had managed to get into the doll-maker's office where they would be repaired and sold again for some kid to love and cherish! Just like the dolls wanted!

Well, that's my story, chum! I told you you'd find parts of it hard to believe. What part is true, and what part is pure fantasy? I leave it to you to figure out for yourself. As for me, telling this story again has given me an inspiration. I'm going right out to the nearest toy shop and buy me a beautiful ballet dancer doll! Think I'm cracking up, eh? Playing with dolls at *my* age, eh? Can't help it! Can't get that doll out of my mind! Can't be sure it *was* all a dream. What do *you* think? Crazy, non?

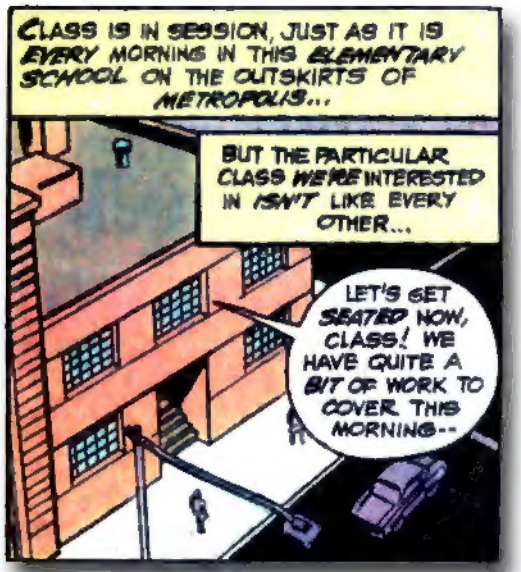
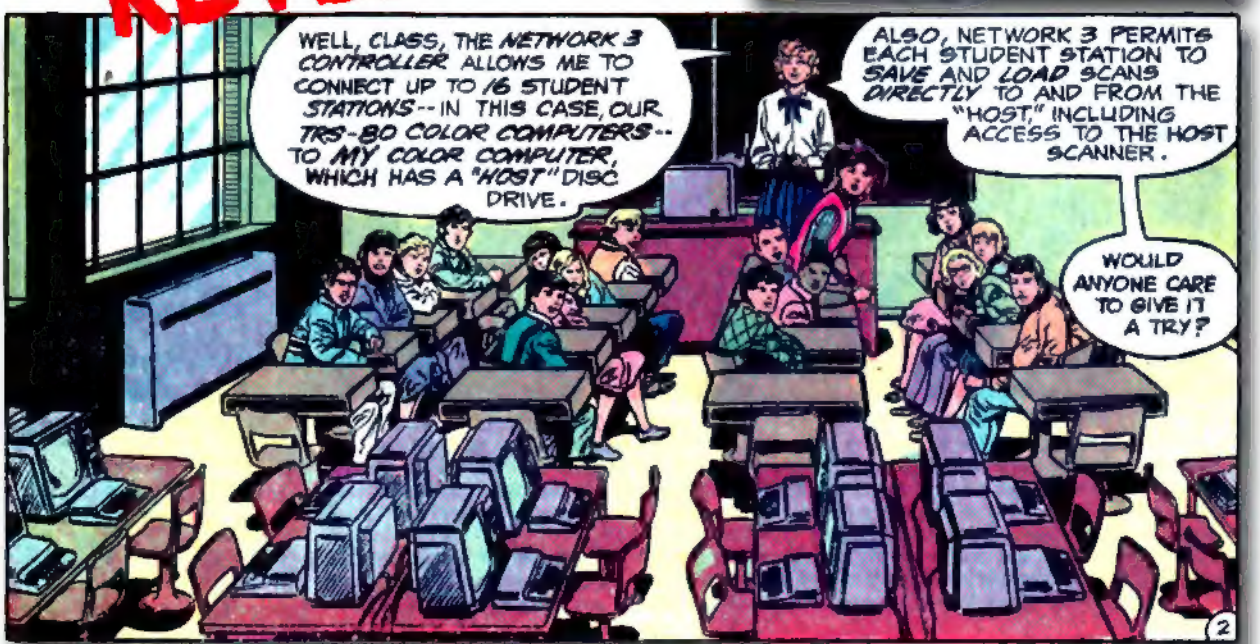
SECRETS of the PMACK SCANNING EMPIRE REVEALED



CLASS IS IN SESSION, JUST AS IT IS EVERY MORNING IN THIS ELEMENTARY SCHOOL ON THE OUTSKIRTS OF METROPOLIS...
BUT THE PARTICULAR CLASS WE'RE INTERESTED IN ISN'T LIKE EVERY OTHER...
LET'S GET SEATED NOW, CLASS! WE HAVE QUITE A BIT OF WORK TO COVER THIS MORNING--



WELL, CLASS, THE NETWORK 3 CONTROLLER ALLOWS ME TO CONNECT UP TO 16 STUDENT STATIONS -- IN THIS CASE, OUR TRS-80 COLOR COMPUTERS -- TO MY COLOR COMPUTER, WHICH HAS A "HOST" DISC DRIVE.
ALSO, NETWORK 3 PERMITS EACH STUDENT STATION TO SAVE AND LOAD SCANS DIRECTLY TO AND FROM THE "HOST," INCLUDING ACCESS TO THE HOST SCANNER.
WOULD ANYONE CARE TO GIVE IT A TRY?
2

ALL RIGHT, LET'S SWITCH ON OUR COMPUTERS AND GET STARTED.
AND SO, FOR THE NEXT HOUR, THERE IS SILENCE IN THE CLASS-ROOM AS THE SIXTH-GRADERS APPLY THEMSELVES TO THE TASK AT HAND--
